

IOT APPLICATION PROJECT TITLES-S3 TECHNOLOGIES

Project titles
1. Gsm based fire alert
2. No parking alert
3. Iot based home automation
4. Voting machine
5. Smart agri iot monitoring
6. Smart wireless fire extinguisher
7. Womens safety iot gsm gps
8. Smart medibox
9. Smart dustbin
10. Smart agri monitoring
11. Solar panel temperature monitoring
12. Gps display and alert system
13. Solar dehydrator
14. Railway based accident prevention
15. Vehicle accident information
16. Womens safety iot gsm gps
17. Womens safety iot gsm gps
18. Smart shopping trolley
19. Smart shopping trolley with iot
20. Gsm based prepaid energy meter
21. Ultrasonic blind walking stick
22. Border crossing system

23. Fuel theft detection using arm
24. Zigbee based intelligent vehicle security
25. Finger print based biometric voting
26. Iot based bridge monitoring
27. Home security system
28. Marine iot
29. Street light detect problems and energy savings
30. Smart self cleaning solar panel
31. Smart shopping trolley
32. Integrated iot field talks
33. Forest fire detection
34. Fire safety and water quality
35. Artificial intelligence vision detection
36. Human body monitoring-fitbits
37. Smart bin
38. Raspberry pi based fire detection
39. Iot based home automation
40. Smart agriculture monitoring
41. Power mppt inverter
42. Flexible power analysis
43. Fingerprint iot
44. Womens safety iot gsm gps
45. Womens safety iot gsm gps
46. Women safety-smart shoe

S3 TECHNOLOGIES
